World Journal of Surgery

Index—Volume 8, 1984

Official Journal of the Société Internationale de Chirurgie, of the Collegium Internationale Chirurgiae Digestivae, and of the International Association of Endocrine Surgeons

EDITOR-IN-CHIEF **Samuel A. Wells, Jr., M.D. St. Louis, U.S.A.**

CO-EDITORS

Maurice Mercadier
Paris, France

José F. Patiño
Bogota, Colombia

EDITORIAL BOARD

John Alexander-Williams
Birmingham, England

James D. Hardy
Jackson, U.S.A.

Martin Allgöwer
Basel, Switzerland

Georg Heberer
Munich, West Germany

Sven-Erik Bergentz
Malmö, Sweden

Michael I. Kuzin
Moscow, U.S.S.R.

Charles G. Clark
London, England

Guan B. Ong
Hong Kong

CONSULTANTS

Erik Amdrup
Aarhus, Denmark

Frank G. Moody
Houston, U.S.A.

Stig Bengmark
Lund, Sweden

John S. Najarian
Minneapolis, U.S.A.

Jose A. Borges D'Almeida
Lisbon, Portugal

Fumio Nakayama
Fukuoka, Japan

Hans G. Borst
Hannover, West Germany

Lloyd M. Nyhus
Chicago, U.S.A.

Richard H. Egdahl
Boston, U.S.A.

Rudolph Pichlmayr
Hannover, West Germany

Emmanuel A. Elebute
Lagos, Nigeria

David C. Sabiston, Jr.
Durham, U.S.A

Gianfranco Fegiz
Rome, Italy

Seymour I. Schwartz
Rochester, U.S.A.

J.J. Gama-Rodrigues
São Paulo, Brazil

Åke Senning
Zurich, Switzerland

Dan Gavriliu
Bucarest, Romania

G. Thomas Shires
New York, U.S.A.

Louis F. Hollender
Strasbourg, France

Vincenzo Speranza
Rome, Italy

Bernard M. Jaffe
Brooklyn, U.S.A.

Thomas E. Starzl
Pittsburgh, U.S.A.

Paul Kinnaert
Brussels, Belgium

André Thevenet
Montpellier, France

Peter J. Kuijjer
Groningen, Netherlands

G. Douglas Tracy
Sydney, Australia

Demetrios P. Lazarides
Thessaloniki, Greece

Michael Trede
Mannheim, Germany

Lloyd D. MacLean
Montreal, Canada

Raphael Vara Thorbeck
Granada, Spain

Prokop Málek
Prague, Czechoslovakia

Jon A. van Heerden
Rochester, U.S.A.

Yingkai Wu
Beijing, China

Subject Index—Volume 8, 1984

A

Abscess
pancreatic abscess management by subtotal resection and packing (Stone et al.), 340
Adenylate Cyclase
biological characteristics of adenomatous nodules, adenomas, and hyperfunctioning nodules as defined by adenylate cyclase activity and TSH receptors (Thomas et al.), 445
mechanisms for increased adenylate cyclase responsiveness to TSH in neoplastic human thyroid tissue (Clark et al.), 466
Adrenal
the pituitary before and after adrenalectomy for Cushing's syndrome (Manolas et al.), 374
extra-adrenal and metastatic pheochromocytoma: the role of I^{131} meta-iodobenzylguanidine (I^{131} MIBG) in localization and management (Thompson et al.), 605
surgical management of the adrenal glands in the multiple endocrine neoplasia type II syndrome (van Heerden et al.), 612
Antibiotics
wound infections in appendicitis: effective prophylaxis (Gaffney), 287
Appendicitis
wound infections in appendicitis: effective prophylaxis (Gaffney), 287
Aprotinin
results of a prospective randomized double-blind trial of aprotinin in colonic surgery (Young and Wheeler), 367
Artery
arterial surgery in Scandinavia (Bergqvist and Myhre), 71
the Dardik biograft in reconstructive arterial surgery (Raithel and Schweiger), 113
splenic artery and coronary vein occlusion for bleeding esophageal varices (Del Guercio et al.), 680
compression of the common hepatic duct by the right hepatic artery in intrahepatic gallstones (Tsuchiya et al.), 321

B

Bile Ducts
symposium: intrahepatic biliary disease (Mercadier), 1
hepatic hemobilia of traumatic or iatrogenic origin: recent advances in diagnosis and therapy, review of the literature from 1976 to 1981 (Curet et al.), 2
hepatolithiasis: present status (Nakayama and Koga), 9
strictures of the intrahepatic bile ducts (Mercadier and Fingerhut), 15
Caroli's disease (Mercadier et al.), 22
papillomatosis of the intrahepatic bile ducts (Mercadier et al.), 30
choice of treatment for hepatolithiasis based on pathological findings (Koga et al.), 36
hepatic hemobilia: hemorrhage from the intrahepatic biliary tract, a review (Sandblom et al.), 41
liver transplantation for biliary atresia (Iwatsuki et al.), 51
hepatic transplantation and biliary atresia: early experience in eight patients (Ascher and Najarian), 57
repair of bile duct injuries (Saber and El-Manialawi), 82
compression of the common hepatic duct by the right hepatic artery in intrahepatic gallstones (Tsuchiya et al.), 321
the incidence and significance of common bile duct dilatation in biliary calculous diseases (Lygidakis), 327
intrabiliary rupture of the hydatid cysts of the liver (Dadoukis et al.), 786
preoperative transhepatic biliary decompression in pancreatic and periampullary cancer (Ellison et al.), 862
cholangitis (Kinoshita et al.), 963
Biopsy
evaluation of various types of needle biopsies of the thyroid (Esselstyn and Crile), 452
a prospective controlled study of fine-needle aspiration and Tru-cut® needle biopsy of dominant thyroid nodules (Boey et al.), 458
Blood Transfusion
abrogation of the beneficial blood transfusion effect in dogs by splenectomy (Marquet et al.), 408
Breast
radiographic parenchymal patterns in Japanese females as a risk factor for breast carcinoma (Kojima et al.), 414
Budd-Chiari Syndrome
surgical management of patients with the Budd-Chiari syndrome (Sanfey et al.), 706

C

Calcitonin
a controlled trial of synthetic salmon calcitonin in the treatment of severe acute pancreatitis (Martínez and Navarrete), 354
Carcinoembryonic Antigen (CEA)
a prospective evaluation of serum carcinoembryonic antigen (CEA) levels in the management of colorectal carcinoma (Boey et al.), 279
Carcinoma
results of surgical treatments of primary hepatocellular carcinoma: some aspects to improve long-term survival (Okamoto et al.), 360
surgical treatment of ten cases of parathyroid carcinoma: importance of an initial en bloc tumor resection (Fujimoto et al.), 392
radiographic parenchymal patterns in Japanese females as a risk factor for breast carcinoma (Kojima et al.), 414
successful resection of intrathoracic metastases from two patients with parathyroid carcinoma (Dubost et al.), 547
hepatic secondaries: minimal tumor and resectable tumor (Little), 753
intraoperative irradiation combined with radical resection for cancer of the head of the pancreas (Hiraoka et al.), 766
clinical significance of intraoperative sonography on hepatectomy in primary carcinoma of the liver (Igawa et al.), 772
long-term evaluation of patients treated by radical operation for carcinoma of the thoracic esophagus (Nishihira et al.), 778
Caroli's Disease
Caroli's disease (Mercadier et al.), 22
Chromosomes
chromosomal instability in medullary carcinoma of the thyroid (Samaan et al.), 487
Colon
segmental versus total colectomy for large bowel Crohn's disease (Stern et al.), 118
a prospective evaluation of serum carcinoembryonic antigen (CEA) levels in the management of colorectal carcinoma (Boey et al.), 279
results of a prospective randomized double-blind trial of aprotinin in colonic surgery (Young and Wheeler), 367
loop ileostomy: a superior diverting stoma in colorectal surgery (Fasth and Hultén), 401
Crohn's Disease
segmental versus total colectomy for large bowel Crohn's disease (Stern et al.), 118

Cryopreservation
cryopreservation of insulin-producing tissue in rats and dogs (Rajotte et al.), 179
assessment of parathyroid graft function after autotransplantation of fresh and cryopreserved tissue (Rothmund and Wagner), 527
Cushing's Syndrome
the pituitary before and after adrenalectomy for Cushing's syndrome (Manolas et al.), 374
Cytology
evaluation of various types of needle biopsies of the thyroid (Esselstyn and Crile), 452
a prospective controlled study of fine-needle aspiration and Tru-cut® needle biopsy of dominant thyroid nodules (Boey et al.), 458
ultrasonic localization and cytologic identification of parathyroid tumors (Rastad et al.), 501

D

Diabetes Mellitus
transplantation of organ-cultured fetal pancreas: experimental studies and potential clinical application in diabetes mellitus (Mandel), 158
the effect of islet transplantation on complications in experimental diabetes of the rat (Federlin and Bretzel), 169
Duodenum
twenty-five years after Billroth II gastrectomy for duodenal ulcer (Fischer), 293
further experience with pseudo-Zollinger-Ellison syndrome: its place in the management of neuroendocrine duodenal ulceration (Friesen and Tomita), 552

E

Endoscopy
sclerotherapy for emergency variceal hemorrhage (Terblanche), 653
surgical management of esophageal diverticula (Fegiz et al.), 757
long-term evaluation of patients treated by radical operation for carcinoma of the thoracic esophagus (Nishihira et al.), 778
endoscopic methods for relief of malignant obstructive jaundice (Cotton), 854
Esophageal Varices
segmental pancreatic transplantation with enteric exocrine diversion (Groth et al.), 257
nonsurgical management of emergency hemorrhage from esophageal varices (Schiff), 646
sclerotherapy for emergency variceal hemorrhage (Terblanche), 653
bleeding esophageal varices (McDermott), 660
esophageal transection with paraesophagogastric devascularization (the Sugiura procedure) in the treatment of esophageal varices (Sugiura and Futagawa), 673
splenic artery and coronary vein occlusion for bleeding esophageal varices (Del Guercio et al.), 680
fifteen years' experience with left gastric venous caval shunt for esophageal varices (Inokuchi et al.), 716
surgical management of esophageal diverticula (Fegiz et al.), 757
long-term evaluation of patients treated by radical operation for carcinoma of the thoracic esophagus (Nishihira et al.), 778
Esophagus
surgical management of esophageal diverticula (Fegiz et al.), 757
long-term evaluation of patients treated by radical operation for carcinoma of the thoracic esophagus (Nishihira et al.), 778

F

Fistula
the use of PMMA beads in high recurrent anal fistula: a preliminary report (Kupferberg et al.), 970

G

Gallbladder
chronic acalculous gallbladder disease: a clinical enigma (Nora et al.), 106
compression of the common hepatic duct by the right hepatic artery in intrahepatic gallstones (Tsuchiya et al.), 321
incidence and significance of common bile duct dilatation in biliary calculous diseases (Lygidakis), 327
Gastrinoma
thirty years' experience with gastrinoma (Zollinger et al.), 427

H

Hemobilia
hepatic hemobilia of traumatic or iatrogenic origin: recent advances in diagnosis and therapy, review of the literature from 1976 to 1981 (Curet et al.), 2
hepatic hemobilia: hemorrhage from the intrahepatic biliary tract, a review (Sandblom et al.), 41
Hepatolithiasis
hepatolithiasis: present status (Nakayama and Koga), 9
choice of treatment for hepatolithiasis based on pathological findings (Koga et al.), 36
Hydatid Cysts
intrabiliary rupture of the hydatid cysts of the liver (Dadoukis et al.), 786

I

Ileostomy
quality of life with the continent ileostomy (McLeod and Fazio), 90
loop ileostomy: a superior diverting stoma in colorectal surgery (Fasth and Hultén), 401
Immunoregulation
theory and practice of immunoregulation by tissue treatment prior to transplantation (Lafferty and Prowse), 187
experimental immuno-alteration (Lacy), 198
immunogenetic considerations in islet transplantation: the role of Ia antigens in graft rejection (Bach et al.), 204
pancreatic islet transplantation: immuno-alteration with ultraviolet irradiation (Hardy et al.), 207
immunologic factors in pathogenesis and treatment of human and animal diabetes (Naji et al.), 214
abrogation of the beneficial blood transfusion effects in dogs by splenectomy (Marquet et al.), 408
Inflammatory Bowel Disease
segmental versus total colectomy for large bowel Crohn's disease (Stern et al.), 118
Insulinoma
percutaneous transhepatic portal vein catheterization for localization of insulinoma (Tseng et al.), 575
prevalence of diffuse pancreatic beta islet cell disease with hyperinsulinism: problems in recognition and management (Harrison et al.), 583
Islet Cell Malignancy
malignant islet cell tumors of the pancreas (Thompson and Eckhauser), 940

L

Liver
- symposium: intrahepatic biliary disease (Mercadier), 1
- hepatic hemobilia of traumatic or iatrogenic origin: recent advances in diagnosis and therapy, review of the literature from 1976 to 1981 (Curet et al.), 2
- hepatolithiasis: present status (Nakayama and Koga), 9
- Caroli's disease (Mercadier et al.), 22
- papillomatosis of the intrahepatic bile ducts (Mercadier et al.), 30
- choice of treatment for hepatolithiasis based on pathological findings (Koga et al.), 36
- hepatic hemobilia: hemorrhage from the intrahepatic biliary tract, a review (Sandblom et al.), 41
- liver transplantation for biliary atresia (Iwatsuki et al.), 51
- hepatic transplantation and biliary atresia: early experience in eight patients (Ascher and Najarian), 57
- excessive bleeding at hepatic resection after experimental liver denervation (Kullendorff et al.), 123
- results of surgical treatments of primary hepatocellular carcinoma: some aspects to improve long-term survival (Okamoto et al.), 360
- symposium: portal hypertension (Zeppa), 625
- surgical treatment of portal hypertension: a historical perspective (Donovan), 626
- nonsurgical management of emergency hemorrhage from esophageal varices (Schiff), 646
- sclerotherapy for emergency variceal hemorrhage (Terblanche), 653
- bleeding esophageal varices (McDermott), 660
- injection sclerotherapy for the long-term management of variceal bleeding (Westaby and Williams), 667
- esophageal transection with paraesophagogastric devascularization (the Sugiura procedure) in the treatment of esophageal varices (Sugiura and Futagawa), 673
- splenic artery and coronary vein occlusion for bleeding esophageal varices (Del Guercio et al.), 680
- portacaval shunts (Callow), 688
- an update of portal systemic shunting and its complications (Voorhees and Price), 698
- mesentericocaval shunt (MCS) with autologous jugular vein (Stipa and Ziparo), 702
- surgical management of patients with the Budd-Chiari syndrome (Sanfey et al.), 706
- fifteen years' experience with left gastric venous caval shunt for esophageal varices (Inokuchi et al.), 716
- the distal splenorenal shunt: an update (Henderson et al.), 722
- factors influencing survival after distal splenorenal shunt (Zeppa et al.), 733
- surgical treatment of portal hypertension in schistosomiasis (Raia et al.), 738
- hepatic secondaries: minimal tumor and resectable tumor (Little), 753
- clinical significance of intraoperative sonography on hepatectomy in primary carcinoma of the liver (Igawa et al.), 772
- intrabiliary rupture of the hydatid cyst of the liver (Dadoukis et al.), 786
- endoscopic methods for relief of malignant obstructive jaundice (Cotton), 854

M

Mammography
- radiographic parenchymal patterns in Japanese females as a risk factor for breast carcinoma (Kojima et al.), 414

Meta-Iodobenzylguanidine (I^{131} MIBG)
- extra-adrenal and metastatic pheochromocytoma: the role of I^{131} meta-iodobenzylguanidine (I^{131} MIBG), in localization and mangement (Thompson et al.), 605

Mucormycosis
- mucormycosis: a fatal case of Saksenaea Vasiformis (Patiño et al.), 419

Multiple Endocrine Neoplasia
- prevalence of c-cell hyperplasia and medullary thyroid carcinoma in a consecutive series of pheochromocytoma patients (Jansson et al.), 493
- MEN I pancreas: a histological and immunohistochemical study (Thompson et al.), 561
- surgical management of the adrenal glands in the multiple endocrine neoplasia type II syndrome (van Heerden et al.), 612

N

Needle Biopsies
- evaluation of various types of needle biopsies of the thyroid (Esselstyn and Crile), 452
- one-hand racquet grip for Tru-cut® thyroid biopsy (Boey and Collins), 388
- a prospective controlled study of fine-needle aspiration and Tru-cut® needle biopsy of dominant thyroid nodules (Boey et al.), 458

P

Pancreas
- symposium: transplantation of pancreatic islet cells (Scharp), 135
- historical review of pancreatic islet transplantation (Downing), 137
- isolation and transplantation of islet tissue (Scharp), 143
- fetal pancreas as a donor organ (Brown et al.), 152
- transplantation of organ-cultured fetal pancreas: experimental studies and potential clinical application in diabetes mellitus (Mandel), 158
- the effect of islet transplantation on complications in experimental diabetes of the rat (Federlin and Bretzel), 169
- cryopreservation of insulin-producing tissue in rats and dogs (Rajotte et al.), 179
- theory and practice of immunoregulation by tissue treatment prior to transplantation (Lafferty and Prowse), 187
- experimental immuno-alteration (Lacy), 198
- immunogenetic considerations in islet transplantation: the role of Ia antigens in graft rejection (Bach et al.), 204
- pancreatic islet transplantion: immuno-alteration with ultraviolet irradiation (Hardy et al.), 207
- immunologic factors in pathogenesis and treatment of human and animal diabetes (Naji et al.), 214
- islet immuno-isolation: the use of hybrid artificial organs to prevent islet tissue rejection (Scharp et al.), 221
- cyclosporine and pancreas transplantation (Gray and Morris), 230
- experimental vascularized segmental pancreatic and islet transplantation in the baboon (du Toit et al.), 236
- Minnesota experience with 85 pancreas transplants between 1978 and 1983 (Sutherland et al.), 244
- experience in human segmental pancreas transplantation (McMaster et al.), 253
- segmental pancreatic transplantation with enteric exocrine diversion (Groth et al.), 257

transplantation for the treatment of insulin-dependent diabetes: clinical experience with polymer-obstructed pancreatic grafts using neoprene (Dubernard et al.), 262
simultaneous renal and intraperitoneal segmental pancreatic transplantation: the Zürich experience (Baumgartner and Largiadèr), 267
pancreas and islet transplant registry data (Sutherland), 270
residual pancreatic exocrine function before and after pancreaticoduodenectomy for periampullary cancer (Kodama and Tanaka), 335
pancreatic abscess management by subtotal resection and packing (Stone et al.), 340
long-term follow-up study of 50 patients with pancreaticoduodenectomy for chronic pancreatitis (Moreaux), 346
a controlled trial of synthetic salmon calcitonin in the treatment of severe acute pancreatitis (Martínez and Navarrete), 354
further experience with pseudo-Zollinger-Ellison syndrome: its place in the management of neuroendocrine duodenal ulceration (Friesen and Tomita), 552
MEN I pancreas: a histological and immunohistochemical study (Thompson et al.), 561
percutaneous transhepatic portal vein catheterization for localization of insulinoma (Tseng et al.), 575
prevalence of diffuse pancreatic beta islet cell disease with hyperinsulinism: problems in recognition and management (Harrison et al.), 583
islet transplantation in the pancreatectomized dog: effect of time on graft function (Alderson et al.), 590
the effects of transplant mass on insulin release by collagenase-dispersed pancreatic fragments in the diabetic dog (Alderson and Farndon), 598
changing trends in the management of combined pancreatoduodenal injuries (Moore and Moore), 791

Pancreatic Carcinoma
intraoperative irradiation combined with radical resection for cancer of the head of the pancreas (Hiraoka et al.), 766
symposium: progress in pancreatic cancer (Warshaw), 801
the pancreatic cancer problem (Livstone and Spiro), 803
epidemiology of pancreatic cancer (Gordis and Gold), 808
serologic markers in the diagnosis and management of pancreatic carcinoma (Podolsky), 822
contribution of computed tomography to patients with pancreatic adenocarcinoma (Wittenberg et al.), 831
suspected pancreatic cancer presenting as pain or weight loss: analysis of diagnostic strategies (Silverstein et al.), 839
preoperative and operative diagnosis of pancreatic cancer (Ihse and Isaksson), 846
endoscopic methods for relief of malignant obstructive jaundice (Cotton), 854
preoperative transhepatic biliary decompression in pancreatic and periampullary cancer (Ellison et al.), 862
cancer of the pancreas: palliative operation, Whipple procedure or total pancreatectomy (Longmire), 872
pancreatic resection for carcinoma of the pancreas: Whipple versus total pancreatectomy—an institutional perspective (van Heerden), 880
surgical treatment of pancreatic cancer (Kümmerle and Rückert), 889
place of total and extended total pancreatectomy in pancreatic cancer (Moossa et al.), 895
pancreatoduodenectomy with preservation of the pylorus (Braasch et al.), 900
surgical palliation of unresectable carcinoma of the pancreas (Sarr and Cameron), 906
treatment of pancreatic cancer by radiation therapy (Dobelbower and Milligan), 919
intraoperative radiation therapy for patients with pancreatic carcinoma (Shipley et al.), 929
chemotherapy of pancreatic carcinoma (Harvey and Schein), 935
malignant islet cell tumors of the pancreas (Thompson and Eckhauser), 940
the future in the treatment of pancreatic cancer (Dietzen and Cohn), 952

Pancreatic Islet Cells
historical review of pancreatic islet transplantation (Downing), 137
isolation and transplantation of islet tissue (Scharp), 143
thirty years' experience with gastrinoma (Zollinger et al.), 427
percutaneous transhepatic portal vein catheterization for localization of insulinoma (Tseng et al.), 575
prevalence of diffuse pancreatic beta islet cell disease with hyperinsulinism: problems in recognition and management (Harrison et al.), 583
islet transplantation in the pancreatectomized dog: effect of time on graft function (Alderson et al.), 590
the effects of transplant mass on insulin release by collagenase-dispersed pancreatic fragments in the diabetic dog (Alderson and Farndon), 598

Pancreaticoduodenectomy
residual pancreatic exocrine function before and after pancreaticoduodenectomy for periampullary cancer (Kodama and Tanaka), 335
long-term follow-up study of 50 patients with pancreaticoduodenectomy for chronic pancreatitis (Moreaux), 346

Pancreatitis
long-term follow-up study of 50 patients with pancreaticoduodenectomy for chronic pancreatitis (Moreaux), 346
a controlled trial of synthetic salmon calcitonin in the treatment of severe acute pancreatitis (Martínez and Navarrete), 354

Parathyroid
surgical treatment of ten cases of parathyroid carcinoma: importance of an initial en bloc tumor resection (Fujimoto et al.), 392
ultrasonic localization and cytologic identification of parathyroid tumors (Rastad et al.), 501
localization procedures in patients requiring reoperation for hyperparathyroidism (Clark et al.), 509
the density test for the intraoperative differentiation of single or multigland parathyroid disease (Welsh and Taylor), 522
assessment of parathyroid graft function after autotransplantation of fresh and cyropreserved tissue (Rothmund and Wagner), 527
indications and late results of subtotal parathyroidectomy for hyperparathyroidism after renal transplantation (Sitges-Serra et al.), 534
parathyroid autografts—morphology and function: six years' experience with parathyroid autotransplantation in uremic patients (Klempa et al.), 540
successful resection of intrathoracic metastases from two patients with parathyroid carcinoma (Dubost et al.), 547

Periampullary Cancer
residual pancreatic exocrine function before and after pancreaticoduodenectomy for periampullary cancer (Kodama and Tanaka), 335

Pheochromocytoma
prevalence of c-cell hyperplasia and medullary thyroid carcinoma in a

consecutive series of pheochromocytoma patients (Jansson et al.), 493
extra-adrenal and metastatic pheochromocytoma: the role of I^{131} meta-iodobenzylguanidine (I^{131} MIBG) in localization and management (Thompson et al.), 605

Pituitary
the pituitary before and after adrenalectomy for Cushing's syndrome (Manolas et al.), 374
prevalence of c-cell hyperplasia and medullary thyroid carcinoma in a consecutive series of pheochromocytoma patients (Jansson et al.), 493

Portal Hypertension
symposium: portal hypertension (Zeppa), 625
surgical treatment of portal hypertension: a historical perspective (Donovan), 626
nonsurgical management of emergency hemorrhage from esophageal varices (Schiff), 646
sclerotherapy for emergency variceal hemorrhage (Terblanche), 653
bleeding esophageal varices (McDermott), 660
injection sclerotherapy for the long-term management of variceal bleeding (Westaby and Williams), 667
esophageal transection with paraesophagogastric devascularization (the Sugiura procedure) in the treatment of esophageal varices (Sugiura and Futagawa), 673
splenic artery and coronary vein occlusion for bleeding esophageal varices (Del Guercio et al.), 680
portacaval shunts (Callow), 688
an update of portal systemic shunting and its complications (Voorhees and Price), 698
mesentericocaval shunt (MCS) with autologous jugular vein (Stipa and Ziparo), 702
surgical management of patients with the Budd-Chiari syndrome (Sanfey et al.), 706
fifteen years' experience with left gastric venous caval shunt for esophageal varices (Inokuchi et al.), 716
the distal splenorenal shunt: an update (Henderson et al.), 722
factors influencing survival after distal splenorenal shunt (Zeppa et al.), 733
surgical treatment of portal hypertension in schistosomiasis (Raia et al.), 738

Portal Vein
percutaneous transhepatic portal vein catheterization for localization of insulinoma (Tseng et al.), 575

Pseudo-Zollinger-Ellison Syndrome
further experience with pseudo-Zollinger-Ellison syndrome: its place in the management of neuroendocrine duodenal ulceration (Friesen and Tomita), 552

R

Radiation Therapy
treatment of pancreatic cancer by radiation therapy (Dobelbower and Milligan), 919
intraoperative radiation therapy for patients with pancreatic carcinoma (Shipley et al.), 929

Renal Transplantation
simultaneous renal and intraperitoneal segmental pancreatic transplantation: the Zürich experience (Baumgartner and Largiadèr), 267

S

Schistosomiasis
surgical treatment of portal hypertension in schistosomiasis (Raia et al.), 738

Sclerotherapy
sclerotherapy for emergency variceal hemorrhage (Terblanche), 653
injection sclerotherapy for the long-term management of variceal bleeding (Westaby and Williams), 667

Serologic Markers
serologic markers in the diagnosis and management of pancreatic cancinoma (Podolsky), 822

Splenectomy
abrogation of the beneficial blood transfusion effect in dogs by splenectomy (Marquet et al.), 408

Splenorenal Shunt
the distal splenorenal shunt: an update (Henderson et al.), 722
factors influencing survival after distal splenorenal shunt (Zeppa et al.), 733

Stomach
twenty-five years after Billroth II gastrectomy for duodenal ulcer (Fischer), 293
proximal gastric vagotomy in dyspeptic patients without an ulcer (Aase et al.), 303
early gastric cancer: results in a general hospital in Japan (Abe et al.), 308
gastric cancer in patients above 70 years of age (Oohara et al.), 315

Sugiura Procedure
esophageal transection with paraesophagogastric devascularization (the Sugiura procedure) in the treatment of esophageal varices (Sugiura and Futagawa), 673

Swan-Ganz Catheter
complications of the Swan-Ganz catheter (Slung and Scher), 76

Sweden
what is new in Sweden? changing pattern of general surgery (Bergentz), 129

T

Thyroid
one-hand racquet grip for Tru-cut® thyroid biopsy (Boey and Collins), 388
follow-up evaluation of thyroid function after thyroidectomy for thyrotoxicosis (Harada et al.), 436
biological characteristics of adenomatous nodules, adenomas, and hyperfunctioning nodules as defined by adenylate cyclase activity and TSH receptors (Thomas et al.), 445
evaluation of various types of needle biopsies of the thyroid (Esselstyn and Crile), 452
a prospective controlled study of fine-needle aspiration and Tru-cut® needle biopsy of dominant thyroid nodules (Boey et al.), 458
mechanisms for increased adenylate cyclase responsiveness to TSH in neoplastic human thyroid tissue (Clark et al.), 466
prognostic value of nuclear DNA content in papillary thyroid carcinoma (Cohn et al.), 474
measurement of nuclear DNA content in thyroid diagnosis (Bengtsson et al.), 481
chromosomal instability in medullary carcinoma of the thyroid (Samaan et al.), 487
prevalence of c-cell hyperplasia and medullary thyroid carcinoma in a consecutive series of pheochromocytoma patients (Jansson et al.), 493
radiothallium scintigraphy in solitary nonfunctioning thyroid nodules (Höschl et al.), 956

Transplantation
symposium: transplantation of pancreatic islet cells (Scharp), 135
historical review of pancreatic islet transplantation (Downing), 137
isolation and transplantation of islet tissue (Scharp), 143

fetal pancreas as a donor organ (Brown et al.), 152
transplantation of organ-cultured fetal pancreas: experimental studies and potential clinical application in diabetes mellitus (Mandel), 158
the effect of islet transplantation on complications in experimental diabetes of the rat (Federlin and Bretzel), 169
cryopreservation of insulin-producing tissue in rats and dogs (Rajotte et al.), 179
theory and practice of immunoregulation by tissue treatment prior to transplantation (Lafferty and Prowse), 187
experimental immuno-alteration (Lacy), 198
immunogenetic considerations in islet transplantation: the role of Ia antigens in graft rejection (Bach et al.), 204
pancreatic islet transplantation: immuno-alteration with ultraviolet irradiation (Hardy et al.), 207
immunologic factors in pathogenesis and treatment of human and animal diabetes (Naji et al.), 214
islet immuno-isolation: the use of hybrid artificial organs to prevent islet tissue rejection (Scharp et al.), 221
cyclosporine and pancreas transplantation (Gray and Morris), 230
experimental vascularized segmental pancreatic and islet transplantation in the baboon (du Toit et al.), 236
Minnesota experience with 85 pancreas transplants between 1978 and 1983 (Sutherland et al.), 244
experience in human segmental pancreas transplantation (McMaster et al.), 253
segmental pancreatic transplantation with enteric exocrine diversion (Groth et al.), 257
transplantation for the treatment of insulin-dependent diabetes: clinical experience with polymer-obstructed pancreatic grafts using neoprene (Dubernard et al.), 262
simultaneous renal and intraperitoneal segmental pancreatic transplantation: the Zürich experience (Baumgartner and Largiadèr), 267
pancreas and islet transplant registry data (Sutherland), 270
assessment of parathyroid graft function after autotransplantation of fresh and cryopreserved tissue (Rothmund and Wagner), 527
indications and late results of subtotal parathyroidectomy for hyperparathyroidism after renal transplantation (Sitges-Serra et al.), 534
parathyroid autografts—morphology and function: six years' experience with parathyroid autotransplantation in uremic patients (Klempa et al.), 540
islet transplantation in the pancreatectomized dog: effect of time on graft function (Alderson et al.), 590
the effects of transplant mass on insulin release by collagenase-dispersed pancreatic fragments in the diabetic dog (Alderson and Farndon), 598

Trauma
changing trends in the management of combined pancreatoduodenal injuries (Moore and Moore), 791

TSH receptors
biological characteristics of adenomatous nodules, adenomas, and hyperfunctioning nodules as defined by adenylate cyclase activity and TSH receptors (Thomas et al.), 445
mechanisms for increased adenylate cyclase responsiveness to TSH in neoplastic human thyroid tissue (Clark et al.), 466

U

Ulcer
twenty-five years after Billroth II gastrectomy for duodenal ulcer (Fischer), 293
proximal gastric vagotomy in dyspeptic patients without an ulcer (Aase et al.), 303
further experience with pseudo-Zollinger-Ellison syndrome: its place in the management of neuroendocrine duodenal ulceration (Friesen and Tomita), 552

Ultrasound
ultrasonic localization and cytologic identification of parathyroid tumors (Rastad et al.), 501

V

Vagotomy
proximal gastric vagotomy in dyspeptic patients without an ulcer (Aase et al.), 303

W

Whipple Procedure
cancer of the pancreas: palliative operation, Whipple procedure or total pancreatectomy (Longmire), 872

Z

Zollinger-Ellison Syndrome
thirty years' experience with gastrinoma (Zollinger et al.), 427
further experience with pseudo-Zollinger-Ellison syndrome: its place in the management of neuroendocrine duodenal ulceration (Friesen and Tomita), 552
